

***Spirit Horse Center Inc. Open House Event Celebrating over Ten years.
September 21, 2019 11am-3pm***

The schedule is as follows: (subject to change)

11:00am: Complimentary appetizers made by local chef Wyatt Patla, beverages, time to tour the facility, meet and greet the staff, trainers and a horse or two.

11:30am: Mounted Eagles Therapeutic Horsemanship for Persons with Disabilities - riding demo and information about this fantastic, 25 plus year old non profit organization hosted by and friends with Spirit Horse Center.

*Spirit Horse Center has been proud to support and host the Mounted Eagles program since 2008. Although we are two separate entities (SHC does boarding training and lessons - Mounted Eagles has therapeutic riding for persons with disabilities), we are good friends and we work together to support each other. Mounted Eagles horses live at Spirit Horse Center, are in part time training with Spirit Horse Center and Mounted Eagles riding lessons occur on a regular schedule in the Spirit Horse Center arena. Mounted Eagles will also be serving complimentary beverages at our open house and will be offering more information about their program, how you can support them as well as showcasing a raffle with a STUNNING horse quilt.

12:00pm: Riding and lesson demonstrations by Spirit Horse staff, clients and students.

1:00pm: Animal Communication and Pendulum work demonstrations. (if you're wondering what pendulum work is, come and check it out - its a pretty handy way to figure out many things with your animals including supplements)

2:00pm: Problem solving demonstration featuring a horse owned by a long time client . Meet beautiful Nikita and see us help her improve her behavior for the Farrier.
